Dear Sir,

Ref NOTIFICATION DATED THE 3rd JULY 1947 on the LEVY OF OCTROI

****

The Mysore City is enjoying a number of amenities, which make it something like a Model City in India

To meet the necessary expenses, it is but essential to increase the Revenue and we agree to your levying Octroi on all items We would even suggest your levying Octroi on every item, and in our case even including Ayurvedic & Unani Medicines, as after all, it is only big business that sends Ayurvedic & Unani Medicines to different places outside their place of manufacture Big business can always be taxed

We also have no objection to your levying Octroi at two percent, as people in Mysore enjoy the amenities of the Town and they must pay for the same

However, you will agree that people from outside Mysore City should not be made liable to pay for the amenities of the people of Mysore and, as such, sales effected outside Mysore City must not be liable for Octroi

We refer to cases of sales to Doctors

[illegible] request that Government may kindly be moved to accord sanction to the Resolution of the Municipal

and particularly dealers in various parts of Mysore State, Coorg, Malabar, Coimbatore and outlying areas of Mysore, where also we send goods

While we are prepared to pay Octroi for all the goods that we import, we would request you to give us refund for the Octroi on items sold outside Mysore, for which we will render you a proper account

The procedure of exporting from the Octroi Office will not be convenient at all, as a lot of items imported at different times and from different individuals are assorted together and sent to different people at different times, and at varying times after receipt of the goods Medicines are not sold everyday Goods received in a certain period may take even six months or one year to sell

In the circumstances, we would suggest that you permit refund of Octroi for sales outside Mysore City, when such goods are sold to consumers outside Mysore City. That is, you must generalise and liberalise the rules for refund of Octroi on sales outside Mysore, as is done for Sales Tax in Madras and other places

To
The President
Mysore City Municipality
Mysore

Dear Sir,

Our attention has been drawn to the notification issued by you, dated 3rd July 47 proposing the levy of an octroi duty at 2% advalorem on Card Board, Wrapper paper and paper for printing and writing other than those manufactured in Mysore State. Our Association is opposed to the levy of the proposed octroi duty, for the following among other reasons, which we request you to take into consideration before the levy is effected

I The paper shortage is already keenly being felt all over. Further the Government of India have imposed restrictions on the import of paper from foreign countries, other than a few special varieties. This will lead to further acute shortage of paper.

The levy of octroi duty will tend the papers to flow to other parts where there are not such restrictions. Consequently paper merchants, printers and other consumers will be hit hard

II Imports of paper and board into Mysore will be lowered and the very object of securing more funds to the coffers of the Municipality will be defeated. Moreover as the levy is restricted to papers and boards not manufactured in Mysore State, the returns from Octroi would be very small, if not negligible, as such such special varieties imported from outside is not considerable

III The imposition of this octroi will only re-

[illegible] Government may kindly be moved to accord sanction to the Resolution of the Municipal

re ult in needless harassment of paper importers as contents of every consignment will be subject to scrutiny, whether the contents are made in Mysore or elsewhere All this will lead to endless dealy, inconvenience and litigation

For these and other reasons we are opposed to the levy of the proposed Octroi duty

Moreover, when education and more education is the cry of the hour, the authorities should provide every facility to procure paper and other materials required for the spread of knowledge Imposition of an octroi is the negation of this principle and directly militates against the desimination of knowledge.

Please acknowledge receipt of this letter and oblige

ours faithfully,

V S Narasimhan

--

In continuation of this office letter of even No dated 21-10-47 requesting orders of Government to the levy of octroi on certain articles referred to therein at 2% advalorem, I have the honour to state that of the 14 articles on which the Council had notified its intention to levy octroi duty, it decided at its meeting held on 30-9-47 to levy octroi only on 9 articles (mentioned in the letter cited above) Regarding the levy of octroi on " all kinds of medicines except Ayurvedic and Unani " and " Hand loom Silk goods " a lengthy discussion took place but no decision arrived at The subject came up for reconsideration before the Council at the meeting held on 30-12-47 and it was resolved thereat, after due consideration of all the objections received on the subject, that the objections are not tenable and that the levy may be recommended to Government for sanction etc, A copy of the Council Resolution No 549 dated 30-12-47 is also enclosed for kind information

In this connection I wish to state that the levy of octroi duty on the articles contemplated in the Council Resolution - referred to above is likely to fetch an annual income of about - Rs 12,000/- and this will go a long way in meeting the financial commitments of the Municipality besides being a permanent additional source of Revenue I therefore request that Government may kindly be moved to accord sanction to the Resolution of the Municipal
